

VL3 Sensor cable extension

adaptable to ...COS sensors

Type	Technical data
VL3	Sensor cable extension, 3 meters

Product views and applications

Mounting

1. Switch off power.
2. Screw cable (female) to probe.
3. Screw cable (male) to transducer.
4. Switch on power.

Technical data

Length	3 m
Degree of protection	IP67
Temperature range	-40...+70 °C, not moving
Mechanical operation	> 100 matching cycles
Material plug / socket	Zinc diecasting, nickel-plated
Material cable	PVC LIYCY, 5 × 0,34 mm ² , shielded, halogen free outer diameter 6,2 mm, color blue

Important information for installation and operation

- A. Installation, commissioning, maintenance**
All national and international standards, rules and regulations for hazardous Ex-areas must be complied, especially ATEX directive 94/9/EC.
- B. Temperature**
The permitted continuous operating temperature of the cable must not to be exceeded.
- C. Mechanical protection**
Protect cable against mechanical damage.
- D. Intrinsically safe circuit**
The VL3 wiring is an intrinsically safe circuit.
